EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification, on page 1, line 2, after "June 27, 2001", ---, now Patent No. US 6,655,715----- has been added.

In Claim 1, line 19. "tot he" has been changed to ----to the-----. This change was implemented to correct a typographical error.

2. The following is an examiner's statement of reasons for allowance: Claim 1 includes the limitation of the honeycomb molded plastic bracket having a center passage around the upper mast jacket, the center passage defining a sliding bearing. A combination of this limitation and the other recited features was not reasonably found in the prior art. Palmer et al., cited by the Applicant, and by the Examiner in the parent application, does not reasonably teach a honeycomb construction. The reinforced ribs of Palmer et al. are not a honeycomb, which has regular cellular elements.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ruth Ilan whose telephone number is 703-306-5956.

The examiner can normally be reached on Monday-Friday, 8:30-5:00.
